Impacts

- Every time you volunteer you are making an impact!
- Impacts are the contribution you make while volunteering (outputs)
- Typically this is tracked in number of hours served
- You can export all of your personal impacts to an excel spreadsheet or a transcript to use for applying to a job or a leadership position.
- Your impacts stay with you, whether you leave a group or volunteer for another group, all your impacts are kept in one place!

Groups

- Organizations or subgroups of organizations that recruit volunteers and host events.
- Each group or subgroup has a homepage with general information, contact info, upcoming events, who is a part of the group, and what impact they are making.
- Organizers of a group will communicate you through messages sent via email or through announcements made on the group page, similar to a Facebook group.
