

STEM Partnership Toolkit

Jamie Shuda, EdD

Director of Education and Outreach, SOM UPenn

Co-Chair Partnership Workgroup, Philadelphia Education
Fund

STEM Partnership Workgroup

*Focusing on school-based STEM partnerships
that are sustainable and effective.*

Guiding Questions

How do collaborators establish deep relationships?

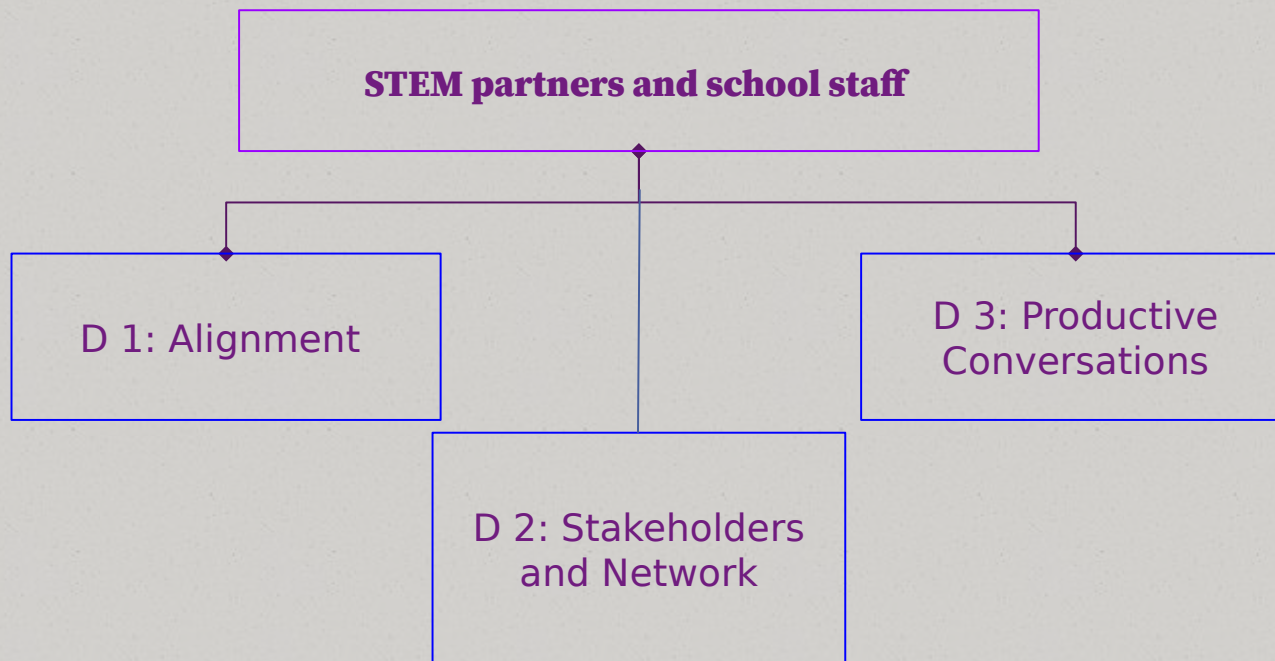

How can we increase the capacity of such partnerships?

How can we assist partnerships to focus on inclusion and under-resourced schools?

Our product:

STEM Partnership Toolkit

Dimension 1: Alignment

How will you be supporting students and how will you communicate this?

Familiarize yourself with the SDP's action plan & STEM related curriculum.

- **Anchor Goal 1 - 100% of students will graduate ready for college or career**
- **Anchor Goal 2 - 100% of 8-year-olds will read at grade level**
- **Anchor Goal 3 - 100% of schools will have great principals and teachers**
- **Anchor Goal 4 - The District will have 100% of the funding we need for great schools and zero deficit**

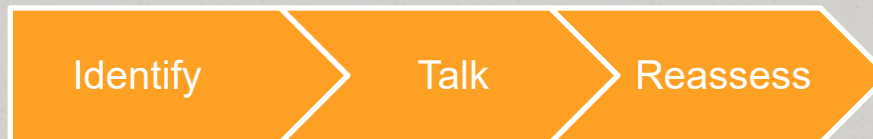

Dimension 2: Stakeholders

What is your capacity and who is in your network?

Understand your resources and act on them.

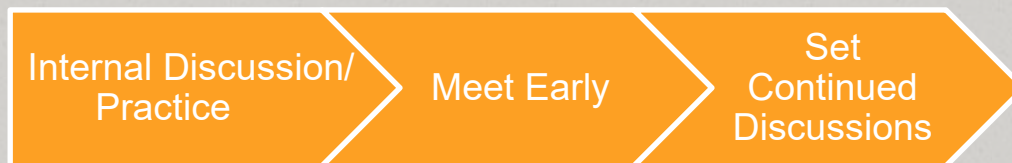

- # district offices/admin
- # number of schools
- # teachers
- # students
- # parents
- # vendors
- # volunteers

Dimension 3: Productive Conversations

What are the school's main goals for the academic year and in the future and how can this collaboration support them?

- a. What are questions that STEM providers might want to ask?
- b. What would principals/teachers want to know from their partners?
- c. What are the questions that will help partner organizations navigate school partnerships?
